## COMING CONCLAVE

Cardinal Gotti's Chances of Being Elected Pope Seems to Have Much Improved.

## OREGLIA CREATED A SENSATION.

The Cardinal Took a Drive Through the Vatican Gardens in the Papal Carriage.

About 30,000 People Passed Before the Catafalque on Which Rests the Dead Body of Pope Leo—Burial Saturday Evening.

Rome, July 25.—Friday again the body of Leo XIII. lay in state in the basilica of St. Peter's and about 30,000 people passed before the catafalque during the day. This is probably a slight increase over the number who viewed the remains Thursday and the augmentation was doubtless due to the widely circulated reports that Friday would be the last on which the public would have an opportunity of looking on the body of the pontiff. These reports proved to be baseless and the body will continue in the chapel of the sacrament, at least during the greater part of Saturday. The fears expressed by the vatican authorities concerning decomposition appear to have been exaggerated. With impressive ceremonies the body will be interred Saturday evening in a sarcophagus at St. Peter's, where it will remain until taken to its final resting place in the church of St. John Lateran.

### After the Tiara.

Interest is now largely engrossed with the coming conclave and its result. The gossip of the day may be summed up briefly by saying that Cardinal Gotti's chances of election seem to have improved in comparison with those of other cardinals who have been mentioned as likely to succeed the dead pontiff, although there still exists a strong feeling that some one, hitherto scarcely talked of, may wear the tiara.

Much comment was excited at the vatican by a drive which Cardinal Oreglia took through the vatican gardens Friday morning. The workers in the more quiet precincts of the gardens were startled when they saw the well-known papal carriage approaching surrounded by Swiss and noble guards. Their hearts jumped as they saw the face of the cardinal looking out at them. The camerlingo did not appear to be satisfied with what he saw. He shook his head exclaiming dismally: "What decay; what neglect. I could not remain shut up in this melancholy place. I should die within a year."

### CARDINAL OREGLIA.

Speculation as to Whether He Would Accept the Papacy.

The gossips of the vatican now wish to know if this means that the cardinal would not accept the papacy, which seems practically impossible, or accepting, would refuse to be the voluntary, traditional vatican prisoner. It seems that the more probable interpretation of his remarks would be that if made pope, he would institute great changes in the gardens.

The congregation of cardinals has not yet decided whether the note which the sacred college intends to address to the powers concerning the situation of the papacy at Rome shall be presented Saturday when the reception of the diplomatic body occurs.

The diplomats accredited to the holy see will be presented by M. D'Anatas, the minister from Portugal, who is dean of the corps. Mgr. Merry Del Val will reply as acting secretary of state. At the meeting of the congregation Friday Cardinal Satolli asked when the conclave would be opened. Cardinal Oreglia replied that he thought that on the eve of Friday, July 31.

The congregation Friday heard the secret reports received from the nuncios at Vienna, Paris, Munich and Madrid. It approved the charity bequeathed by Leo to the poor, dividing it as follows: \$10,000 for Rome; \$4,000 for Perugia, where Leo was for many years archbishop, and \$2,000 for Carpihoto, where the late pontiff was born.

Chicago, July 25.—Fire almost entirely destroyed two buildings of the Omaha Packing Co. Friday, causing a loss estimated at \$500,000. It is believed the fire resulted from combustion in the lard refining plant.

### Driver Boys Strike.

Wilkesbarre, Pa., July 25.—On being refused an increase from 83 cents a day to \$1.21, the driver boys at the Conyngham mine, operated by the Delaware & Hudson Coal Co., went on strike Friday.

### ATHLETIC SPORTS.

The Naval Service Is to Be Made as Attractive as Possible.

Washington, July 25.—With a view of making the naval service as attractive as possible to enlisted men and lessening visits to dives and desertions, the navigation bureau is now working on a scheme for the establishment of recruiting halls and grounds in navy yards and stations. One of the most complete projects so far unfolded within reasonable price came from the Norfolk navy yard. This plan makes provision for a football grounds, baseball diamond, grand stand, cinder track, swimming pools, recruiting hall costing \$35,000, with gymnasium and library, dance hall and smoking room. It is probable that where sufficient ground can be secured these Norfolk plans will be adopted as a type for other yards. An appropriation for the purpose will be requested at the next session of congress.

### DAYLIGHT ROBBERIES.

One of the Most Daring in the History of the City of Lincoln.

Lincoln, Neb., July 25.—One of the most daring robberies in the history of the city occurred Friday when a man robbed two Lincoln business houses of \$45, using revolver to terrorize the victims. He first entered the rooms over the restaurant of O. E. Houck, where the latter was taking a bath. He commanded Houck to make no outcry and rifled his pockets of \$7.50. The thief then went to Rehlander's drug store and broke in the rear door while the clerks were watching a circus parade, opened the safe and got \$38. A clerk was standing behind the soda water fountain at the time but the robbery was not discovered until ten minutes later, when the robber had disappeared.

### TO THE CATHOLIC CHURCH.

All the Municipal Rights in Church Buildings Ceded.

San Juan, P. R., July 25.—All the municipal rights in the church buildings at Guayama, Arroyo and Salinas have been ceded by the municipal authorities of those towns to the Catholic church. The question of the ownership of the Catholic church buildings has been disputed ever since the United States took over the island, Spain, under the old regime, claiming title to the edifices, which, however, were maintained out of the municipal funds. The action taken by the municipal authorities of these three towns follows the lines recommended by Gov. Hunt, and it is believed that the same policy will prevail throughout the island, thus settling this disturbing question.

### DISPUTE OVER AN ACCOUNT.

Two Men Were Killed and Another One Is Dying.

Knoxville, Tenn., July 25.—Jerry Jarnagin, a collector for the East Tennessee brewery of this city, was shot and killed at Lafollette, Tenn., Friday afternoon by John L. Smith, who was shot by Jarnagin and is now dying. Taylor Smith, a son of John L. Smith, was shot and killed by Deputy Sheriff Peterson, who was trying to arrest him. The trouble was caused by a misunderstanding in regard to a settlement between the East Tennessee Brewing Co. and Smith, who was the agent of the company at Lafollette. Jarnagin was sent out to effect a settlement.

### PRINCE FERDINAND.

It Is Believed He Has Fled From Bulgaria Until Excitement Subsides.

Berlin, July 25.—Notwithstanding the semi-official denial that Prince Ferdinand's departure from Bulgaria amounts to flight, the Vossische Zeitung says it believes that the rumors of the prince's flight have some basis and regards it as probable that he has left the country until the existing excitement subsides. It prints Friday a special dispatch from Sofia saying it is openly asserted there that an attempt against Prince Ferdinand's throne is not improbable, Servia's example having had a profound influence on the prince's enemies.

### THE CANAL TREATY.

A Strong Reaction in Favor of Its Ratification Springs Up.

Panama, July 25.—A strong reaction in favor of the ratification of the canal treaty seems to be occurring throughout Colombia. From all the principal cities and from Cauca, the largest department of the republic, prominent citizens have telegraphed congress requesting that the treaty be ratified. Communication with Bogota is only possible by mail. The land telegraph lines are in bad condition and the cable is broken.

refused an increase from 83 cents a

day to \$1.21, the driver boys at the

Conyngham mine, operated by the

Delaware & Hudson Coal Co., went on

## REFUSED TO INDICT

Britton and Spicer Acquitted of Charge of Being Implicated in Cockrill's Murder.

### GREEN FAILED TO IDENTIFY THEM.

Some Believe That He Was Intimidated and is Afraid to Tell All He Knows.

As Riley Coldiron Was Coming From the Grand Jury Room He Was Arrested by Sheriff Callahan For Perjury.

Jackson, Ky., July 25.—It was stated Friday night that threats have been made against Charles Green and that he was intimidated so that he failed to identify the alleged assassins of James Cockrill before the grand jury Friday. It is now charged that the pending investigation of the grand jury has been interrupted by intimidating some witnesses and preventing the appearance of others.

By a vote of eight to four the grand jury refused to indict Deputy Sheriff William Britton on the charge of murdering Jim Cockrill. It was divided throughout the afternoon session and finally recessed until Saturday when adjournment will be taken. The jury also failed to indict Asbury Spicer. Witness Green testified that he recognized two men whose names he did not know with Curtis Jett when the three shot Cockrill from the courthouse window. On the strength of this Britton and Spicer were arrested but Green's failure to identify them as the murderers so weakened the evidence against the men that the grand jury refused to indict. Green was brought and kept here under duress and has been in a state of terror since he came. Some believe that he fears to tell all he knows.

As Riley Coldiron came from the grand jury room he was arrested by Sheriff Callahan for perjury. Coldiron testified that Britton and Spicer were with Curtis Jett when Town Marshal James Cockrill was killed last summer. Ex-Senator Alex Hargis testified before the grand jury for the indictment of Coldiron for perjury and County Attorney Blanton opposed the indictment, insisting that the prosecution should have been pushed further in the Cockrill case instead of persecuting the witnesses. The grand jury refused to indict Coldiron and ordered his release as well as that of Spicer and Britton because of insufficient evidence.

McKinley Cockrill, a brother of the assassinated town marshal, was in great distress Friday night and claims that the prosecution has not been pushed against the assassins of his brother. He and his friends now fear that the assassins will never be punished.

The anti-Cockrill people are openly jubilant over the result of the work of the present grand jury, which is practically completed. They think that Sharp and Crawford can not be convicted of arson and that Plummer will get off with a short term and the men who were back of him will never be brought to trial while the assassins of Cox, Cockrill and others will never be brought to justice. Much disappointment is expressed because Commonwealth Attorney Byrd was compelled to leave here Thursday for Cynthiana to prepare for the trial of Jett and White next week and it is generally believed that he was disappointed and discouraged with the work of the present grand jury before he left.

### FORMER MAYOR AMES.

He Has Made Application For Pension From the Government.

Minneapolis, Minn., July 25.—Dr. A. Ames, former mayor of this city, now under indictment for bribery, has made application for pension on account of disabilities received during the civil war. Application was based on a malady dating back to the time when the doctor was surgeon major of the Seventh Minnesota infantry. In the 38 years that have intervened Dr. Ames has made no attempt to secure aid from the government. He says he is in financial straits and needs the money.

San Francisco, July 25.—Herman Eppinger, of the grain firm of Eppinger & Co., which failed recently, was indicted Friday by the grand jury for obtaining \$11,500 by alleged false pretenses from the Bank of Monterey. Business Failures During the Week.

New York, July 25.—Business failures in the United States for the week number 183, against 173 last week and 178 in the like week of 1902. In Canada for the week they were 20, against 13 last week and 16 a year ago.

### YUVENILE MURDERERS HANGED.

Earl Whitney and Claude O'Brien Launched Into Eternity.

Lexington, Ky., July 25.—Earl Whitney and Claude O'Brien paid the death penalty for the murder of A. B. Chinn. The necks of both were broken by the fall. As the clock struck 8 Friday morning Whitney and O'Brien were led to the scaffold by Deputy Sheriffs Kit Wilkerson and Ben Freeckman. They were preceded on the scaffold by Fathers Cunningham and Bouldin, the Catholic priests. They came from the jail smiling, and Whitney shook hands with a number of friends in the crowd. The sun was just beaming over the jail from the opposite side and their heads were almost in the sunlight, representing a crown of light over them. On the platform were Circuit Clerk James Rogers and Deputy Sheriff McElroy, who adjusted the nooses. Other officers tied the feet and hands and two men adjusted the caps. The priests administered the last sad rites, and each of them kissed the cross just before the cap was slipped over their heads. Neither made a statement or spoke a word after reaching the scaffold, but continued to smile, and both were perfectly cool, not a muscle twitching.

Whitney died hard, expiring at 8:22, while O'Brien died at 8:21. Deputy Sheriff Ben Freeckman cut the men down, and Undertaker Weihl took charge of the remains and shipped them to their friends in Memphis and Nashville.

### THE CLAY FUNERAL.

The Remains Will Be Buried on Saturday Afternoon.

Richmond, Ky., July 25.—Gen. Cassius M. Clay, who died Thursday evening, will be buried Saturday afternoon, services being held in the Baptist church and the interment being in the Richmond cemetery. The active pallbearers will be Green Clay, Warfield Bennett, W. Rhodes Shackelford and William Marcelle, of Richmond; Woodford Clay, Sidney Clay and F. W. H. Clay, of Paris, and Clay Herrick, of Cleveland. O. The honorary pallbearers will be Senator James B. McCrary, C. F. Burnam, Col. J. W. Caperton and Dr. G. G. Perry, of Richmond; Supreme Justice J. M. Harlan, of Washington; Maj. R. S. Bullock, of Lexington, and C. M. Clay, Jr., of Denver, Col.

The child bride of Gen. Cassius M. Clay is devised a goodly portion of the fortune which remained to him at his death, by his will, which is dated May 12, 1900. His children by his first wife are left nothing except the estate of 2,022½ acres, which was set aside for them in 1870, after the separation of Gen. Clay and his wife. At that time it was the agreement that this partition of real estate should satisfy all their claims against the estate.

### Striking Telephone Girls.

Ashland, Ky., July 25.—The striking employees of the Lawrence, Citizens' and People's Telephone Co., whose service extends to Ironton, Catlettsburg, Ashland, Wurtland, Russell and other cities and villages, have appealed to the merchants of these places to remove the phones from their places unless the company takes back the girl operators.

## BINDERS' TROUBLE

Committee Filed With Civil Service Commission a Copy of Protest Against Miller.

### COMMISSION CAN NOT INTERFERE

Miller Was Expelled From the Union on Charges and Dismissed by the Public Printer.

On An Appeal the President Directed That Mr. Miller Be Reinstated As Assistant Foreman in the Government Book Bindery.

Washington, July 25.—A committee of the bookbinders' union Friday filed with the civil service commission a copy of their protest against Miller, former superintendent of the government book bindery. This protest is a duplicate of the one filed with Secretary Cortelyou and Public Printer Palmer. Prior to the filing of the protest Commissioner Proctor said to a reporter that it was a useless action on the part of the men to see the civil service commission and protest to it. The men, he said, already proceeded about the matter in the correct way by filing with the public printer their protest, and the matter was now out of the hands of the civil service commission. The commission could not interfere in the case any more than if it concerned a private employer and his factory, but the members of the committee were listened to respectfully when they came.

The local branch of the International Bookbinders' union held a largely attended meeting at Odd Fellows' hall Friday night to consider what action should be taken in the event that W. A. Miller, the assistant foreman of the bindery at the government printing office, returns to duty, as he has expressed the intention of doing, Saturday morning. The meeting discussed the matter for three hours and then adjourned subject to the call of the arbitration committee of the union. There were many speeches and apparently a number of votes but just what they were about no one who attended the meeting was willing to say. It has been said that members of the union would walk out of the printing office if Miller, who has been expelled from membership from the union and dismissed by the public printer, should return to work Saturday, but President Barrett Friday night was non-committal on the subject. He would not give the least intimation of what was done at the meeting.

It is said that the union decided to take no definite action one way or the other for at least three days. It is also said that this is partly due to the prospective visit of the executive committee of the international union, whose advice and assistance have been sought in the matter. President Tattnall and the other two members of the committee are said to be now on their way from Chicago.

After Mr. Miller had been expelled from the union and dismissed from the government printing office, he made an appeal to the administration claiming that he had violated no rules of the civil service and asked to be reinstated. When the matter was laid before President Roosevelt and after due consideration, the president ordered the reinstatement of the discharged assistant foreman.

### CONVICTS MUTINY.

One Hundred and Twenty-Five Refuse to Come Out of Their Quarters.

Atlanta, Ga., July 25.—According to advices received here Friday evening, there is a mutiny among the convicts at the Coal City mines in Dade county, Georgia. A telegram was received at the office of the prison commission as follows: "One hundred and twenty-five miners in quarters. Refuse to come out. Please advise." The telegram was signed by J. D. Goode, deputy warden in charge of the Coal City camp. It gave none of the particulars. It was impossible to get further information from the scene Friday night.

LIKELY Taylor, guilty or not guilty, would not be afraid to return to Kentucky in the possible event of Republican victory.

MR. BELKNAP needn't delude himself with the belief that President Roosevelt can be of any service to him in the Kentucky campaign.

At the recent Republican State convention it was a hot race between the factions to see who should get credit for endorsing Roosevelt. The Bradleyites won, and then the other crowd gave Roosevelt another jolly for good measure.

COL. BELKNAP, the Republican nominee for Governor, has been East this week giving the President a jolly, and of course soliciting help in the approaching campaign. Belknap has all the "boodle" needed to make the fight, but they'll use all they can get from the National Committee.

**RESTRICTING RAILWAY HOURS.** Some good things come out of Indians, and one of them is the new law prohibiting railways working their employees on the rail for more than sixteen consecutive hours. "This legislation," says an exchange, "is not only humane in its provisions, but it contains the largest measure of safety for the traveling public and for the safety of freight. Under the provisions of the statute the executive officials of all roads operating in Indiana are obliged to placard the shops and other buildings of the road with notices to the operating officials of the existence of the law and prohibiting them continuing any employee in work beyond the specified time. It is not to be believed that the railways would willingly overwork their men to the point of breaking them down, for good and trained railroadmen are not picked up in the market places, though the fact that their pay is often according to the mileage is an inducement which some rail-road men are unable to resist. Sixteen hours at a stretch is as much if not more than any railroad man ought to work. Eight hours of rest, with less than eight hours of sleep, are not more than sufficient for those who have been on the rail, in the engine cab or on top of a freight for sixteen hours. It is to be hoped that Indiana will enforce the new law and that other States will profit by the example set by the Hoosier Commonwealth."

Mr. J. B. Farrow, who has been under medical treatment at Lexington, was able to return home Thursday. He is greatly improved.

Another large crowd of naval recruits, enlisted at Cincinnati, will pass through on special train over the C. and O. to-morrow at 10 a.m. for Norfolk.

A number of the Railroad Commissioners of the Western States who attended the annual meeting of the National Association of Railroad Commissioners at Portland, Maine, will pass down over the C. and O. next Monday en route to their home.

### TOBACCO PROSPECTS.

A Leading Journal Says the 1903 Crop Will be a Light One.

The 1903 burley tobacco crop will probably be a light one, says the Western Tobacco Journal. The high prices now being paid on the breaks and in the country are largely due to this fact. Shippers to the Cincinnati market estimate the acreage to be from 10 to 25 per cent. short of last year, and last year's crop was considerably below the average. It would seem that a large crop was not contemplated by the owners originally, owing to the scarcity of labor and the low prices prevailing, and the acreage was later reduced by unfavorable weather to prepare the ground and set the plants. In most localities plowing was done when the ground was either too wet or too dry. This was unavoidable on account of the long wet and dry spells, which took turns about in keeping the growers from catching up with their spring work.

The Bickett family will be one of the star features of the Maysville Elks Fair, August 19, 20, 21 and 22. This family is rightly termed the greatest of them all and are the most artistic and sensational flying trapeze artists in this country, performing on a specially erected apparatus eighty feet in length and fifty feet in height, making the most daring act ever conceived of. This act alone is worth the price of admission.

Ernest Dobyns, son of Elder T. T. Dobyns, who formerly lived in this section, writes from his home in Illinois that a storm a week ago swept away the house he was living in, with all his belongings, and severely injured his wife and son, the former probably fatally, a splinter having been driven into her left lung.

Charles Kautz and Miss Cora Naden were married July 18th at Georgetown, O. The bride is the only daughter of Mr. and Mrs. Louis Naden, formerly of this city. The groom is a son of Albert M. Kautz.

### MRS. LOTTIE PEARCE DODD.

A Daughter of Mr. Charles B Pearce Passed Away Friday at Her Home in Louisville.

[Louisville Post.]

Mrs. Lottie Pearce Dodd, widow of Mr. William O. Dodd, died at 5 o'clock Friday morning at her residence, at 1633 Third avenue. The deceased was one of Louisville's best-known women, and her death, although expected for several days, came as a great shock.

Mrs. Dodd's death was due to pleuro-pneumonia. Last spring she suffered from an attack of grip, from which it was thought she had entirely recovered. However, a week ago Wednesday she caught a severe cold, which, with complications, developed into pleuro-pneumonia.

The deceased was a great-granddaughter of Richard Henry Lee, of Revolutionary fame, and a daughter of Mr. Charles B. Pearce, of Maysville, who is still alive, he being eighty-four years of age. She had three brothers, Crittenden S. Pearce, of Washington; L. Ed. Pearce, of Lexington, and Charles D. Pearce, of Mayville. She was a sister of Mrs. John L. Dodd, Messrs. J. L. and W. O. Dodd having married sisters.

The deceased is survived by three children,—Charles Pearce Dodd, Mrs. Marie Dodd McGoodwin, wife of Thomas Q. McGoodwin, and Miss Lottie Dodd. Mrs. McGoodwin, who has been at Butte, Mont., with her husband, who is a traveling auditor for the Standard Oil Company, was notified Tuesday night of her mother's severe illness.

The funeral will take place at 4 o'clock Saturday afternoon from the residence. The burial, which will be in Cave Hill Cemetery, will be private. Among those who will act as pallbearers are Judge W. O. Harris, Mr. Randolph H. Blain, Mr. Samuel Castleman, Sr., Mr. John C. Rueell, Mr. John W. Green and Mr. Burwell K. Marshall.

The deceased was a woman of many beautiful traits of character, which drew to her many staunch friends. She was in her fifty-second year.

Hiram French, of Robertson County, has bought the old Greenberry Henson farm on the Germantown and Brooksville pike in Bracken County. It contains about 200 acres and cost him more than \$70 per acre.

The steamer Laurance has been chartered by Rev. Father Jones who on next Thursday will give the young members of his parish a picnic at Conlon's grove in Charleston Bottom. Austin's Orchestra will furnish music.

In recognition of his faithful services, Mr. A. J. Boyd, operator for the C. and O. at the fair grounds, has been granted a thirty days leave of absence by the company with a round trip ticket to Washington and other Eastern cities for self and family.

The large warehouse at Bradford, occupied by M. Shinkle & Co., tobacco dealers, was destroyed by fire a week ago, together with about 125,000 pounds of high grade tobacco. Only a limited amount of insurance was carried. The fire is supposed to have originated from the sparks of a C. and O. locomotive.

Dr. J. T. Strode, formerly of this city, is having plans prepared for a modern flat building on the site of his present residence on North Mill street, Lexington. The building will be a large and handsome structure and modern in all its appointments. It is planned to have a first-class cafe on the ground floor.

Bishop Maes has issued to the priests of his diocese a letter of condolence on the death of the supreme pontiff and directs them to have on Tuesday, July 28, a funeral service and requiem high mass for the repose of the soul of Leo XIII, at a convenient hour. Directions are also given as to the prayers which will be said pending and after the election of a Pope.

The concert by the Flemingsburg Quartette at the court house last night was thoroughly enjoyed by all who were fortunate enough to be present. The young men composing this quartette all have fine voices and know how to use them. They were very kindly assisted last evening by Mrs. C. E. Gelsel, one of Maysville's accomplished musicians, who rendered two selections on the piano.

Hon. E. E. Barton, of Falmouth, was in Maysville Friday in the interests of his candidacy for the Speakership of the next Kentucky House, and called on the BULLETIN while here. Mr. Barton has served two terms in the Kentucky Legislature, and was a member of the memorable Contest Committee. In his present race for the Speakership he has met with much encouragement, and feels confident of winning.
